

Optimized washing thanks to load sensing technology

The SensiCare 600 washing machine automatically adjusts time, water and energy based on the size of the load.

Product Benefits & Features

SensiCare - save up to 30% time, water and energy* SensiCare is the technology that detects the size of the load and adjusts the program to save up to 30% time, water and energy*. This guarantees a precise and customized wash for each garment.

*Based on internal tests on time, water and energy consumption of a 1kg load and maximum load using the Cotton 30°C cycle optimised with SensiCare.

Reduce washing time with Time Manager®
Don't wash more than necessary. Wash your clothes with the adjustable 4-step Time Manager® function to reduce the duration of the wash cycle.

The Hygiene programme removes 99.99% of viruses and bacteria*
The Hygiene programme, certified by Swisstest, combines steam with the wash cycle to remove more than 99.99% of bacteria and viruses* above 60°C. Pollen and allergens are reduced for hygienic cleaning after every wash.

*Tested on Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in an external test conducted by Swisstest Testmaterialien AG in 2021 (Test Report No. 202120117)

Quick wash, for fast results
The Rapido program allows you to quickly wash your clothes for a quick clean. In just 20 minutes you can wash 3 kg of laundry.

Inverter+ Motor is energy efficient and durable
The Inverter+ Motor is more energy efficient than standard Inverter motors thanks to permanent magnet technology.

- Maximum load capacity (EU 2017/1369): 10.0 Kg
- Options: Prewash, Extra Rinse, Easy Iron
- Dimensions/max overall dimensions (HxWxD) mm: 847 x 597 x 636/658
- Drying efficiency class B
- Programmes: Cotton, Synthetics, Delicates, Wool, Quick 20 minutes, Rinse, Spin / Drain, Jeans, Sportswear, Silk, Duvets, Outdoor, Hygiene, Eco 40-60

EW6F110G

Product Specification

Model	EW6F110G
Category	Front loading washing machine
Color	White
Dimensions HxWxD (mm)	847x597x636
Net weight (kg)	74.5
Gross weight (kg)	76
Packaging height (mm)	900
Packaging width (mm)	640
Packaging depth (mm)	710
Maximum capacity in kg E20	10.0
Energy efficiency class E20	TO
Program energy consumption Eco for 100 cycles E20	51
Drying efficiency class with spin of the eco 40-60 program (EU 2017/1369)	B
Rotation speed in revolutions per minute of the eco program 40-60 at nominal capacity E20	1351
E20 silence	76
10 year warranty on inverter motor	Yes
