If you've got a busy household, you'll know how tricky it can be finding space to store the entire weekly food shop. The Concorde French style offers plenty of room for everything from fresh fruit and veg to ice cream.

With a multi air flow system keeping everything inside cool and fresh, you can enjoy healthy and creative meals throughout the week.

It has a frost-free design which prevents ice from building up anywhere inside the appliance. You can make maximum use of the space and tick the boring task of defrosting off the chore list.
