

Quick heating and even cooking

The Series 20 FanCook Oven circulates hot air heat with its fan and ring element. Air is continuously moved around in the oven cavity, to make sure that dishes can be cooked on different level at the same time

The Series 20 FanCook Oven circulates hot air heat with its fan and ring element. Air is continuously moved around in the oven cavity, to make sure that dishes can be cooked on different level at the same time

Product Benefits & Features

Evenly cooked results, on any level

Get perfectly even oven results with Multilevel cooking. An additional heating ring promises even cooking across all three levels. Which is great for cooking more favourite dishes at the same time.

Touch to time every meal / Perfectly timed meals with LED display / Time taken care of

Keep track of all your dishes with the LED timer display. Setting exact cooking times is straightforward with the touch-activated fields. Making it easier than ever to juggle a few different dishes at once.

Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

Cook more at once with XL baking tray

An XL baking tray welcomes bigger dishes. Cook more at the same time for friends and family, and feel reassured it will all be ready at once.

Anti-fingerprint coating, for hassle-free cleaning

Make greasy marks on the oven a thing of the past with anti-fingerprint coating. Your oven's stainless steel will always look it's best, with no need to wipe or polish.

- Economy variable grill
- Top heat
- Fan Controlled Defrosting
- Retractable Oven controls with LED display
- Oven features:
- Clean 'n' clear enamel interior
- Chrome grid runners with auto-stop anti-tip shelves
- Fan cooled double glazed door with heat reflective glass
- 'A' energy class

Product Specification

Main Colour	Stainless Steel with antifingerprint coating	Power (w)	40
Energy Rating	A	Oven Energy Source	Electrical
Built-in Dimensions (mm) (HxWxD)	590x560x550	Product Type	Built-in Electric Oven
Functions (Main Oven)	Defrost, Fast grilling, Grilling, Light, Moist fan baking, True fan cooking, Turbo grilling	Noise (dB)	53
Connectivity	No	Gross Weight (Kg)	28.2
Total Electricity Loading (W)	2790	Net Weight	27.2
Steam Category	No	Main Oven - Trays Included	1 Dripping pan grey enamel, 1 Trivet chromed
Timer Type	SET	Main Oven - Shelves Included	1 Wire shelf chromed high
Cavity Size (L)	72	Main Oven - Shelf Support	Grid Runners Easy Entry
Self-Cleaning?	Clean enamel	Plug or Hardwired	Hardwired connection only
Dimensions (mm) (HxWxD)	589x594x568	Door surface temperature maximum in K - Top Oven	40
Oven knob type	Pop in / Pop out flat	Cavity coating	Grey Enamel
Max Power Grill - Top Oven (W)	1700	Nø of cavities	1
Max power oven - Top Oven	2790	PNC	949 496 255
Temperature Range	50°C - 275°C	Bar Code	7332543722334
Largest Surface area	1424	Voltage (V)	220-240
Interior light	1, Back&Side halogen	Required Fuse (A)	15
Energy efficiency index EEI	95.3	Frequency (Hz)	50/60
Main Oven Conventional Mode - Energy consumption per cycle (Kwh)	0.93	Colour	Stainless steel with antifingerprint
Main Oven Fan Mode - Energy consumption per cycle (Kwh)	0.81	Second Oven Conventional Mode - Energy consumption per cycle (Kwh)	0
		Product Number (PNC)	All Open
