

USE STEAM INSTEAD OF WASHING. IN JUST 25 MINUTES WITH 96% LESS WATER\*.

Steam quickly refreshes fabrics and eliminates odors from previously worn items, using only 2L of water per cycle. By adding the Final Steam option at the end of a wash cycle, you can reduce creases and ironing time.

\* Internal test with a 1 kg load with the steam program instead of the delicate program.

### Product Benefits & Features

**REFRESHED\* ITEMS, REDUCED WRINKLES**  
The Vapore Refresh program neutralizes odors\* and reduces creases on garments, including delicates, in just 25 minutes. minutes without the need for a thorough wash.

**MIXLOAD 69MIN PROGRAM, THE PERFECT BALANCE BETWEEN TIME AND CUSTOMIZATION**  
The MixLoad 69min program is the perfect balance between time, energy efficiency and garment care. Suitable for mixed loads of up to 5 kg. During washing, it cleans at 30°C and in just 69 minutes, offering optimal performance and exceptional laundry.

\*External tests show neutralization of cigarette smoke odor in a steam cycle

**PRECISEWASH REDUCES UP TO 40% TIME, WATER AND ENERGY\* BY OPTIMISING THE CYCLE**  
PreciseWash technology ensures the best treatment for each of your garments, automatically adapting the program to the weight of each load. Reduces up to 40% energy, time and water for even the smallest loads\*.

**Care Drum, for even softer clothes\***  
The Care Drum allows garments to slide delicately on the internal weave, while a thin layer of water covers the holes, thus reducing rubbing and wear of the fabrics. It not only ensures extraordinary washing performance but also guarantees even more care.

\*Internal test for time, water and energy consumption of a 30°C Cotton cycle optimised with PreciseWash technology for a 1 kg load compared to the maximum load.

\*Internal tests comparing the Care Drum with the AEG ProTex drum.

**THE HYGIENE PROGRAM REMOVES MORE THAN 99.99% OF VIRUSES AND BACTERIA\***  
Swissatest certified, it removes more than 99.99% of viruses and bacteria\*, without sacrificing the best washing performance.

\*Tested for staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in an external test carried out by Swissatest Testmaterialien AG in 2021 (Test Report No. 202120117).

- Energy class: A
- 1351 rpm
- ÖKO Inverter Motor
- ProTex XXL basket
- Silent System Plus
- Anti-vibration furniture
- Indication of programme duration and remaining time
- Delayed departure up to 20 hours
- Sensorized foam control
- Flowmeter and water level sensor

Product Specification

Product type	Front loading washing machine
Maximum capacity in kg E20	9.0
Drying efficiency class with spin of the eco 40-60 program (EU 2017/1369)	B
Energy efficiency class eco program 40-60 (Regulation (EU) 2017/1369)	TO
Rotation speed in revolutions per minute of the eco program 40-60 at nominal capacity E20	1351
E20 silence	75
Program energy consumption Eco for 100 cycles E20	49
Color	Dark Silver 239
Cabinet dimensions/total (HxWxD- Pmax)	847x597x631-660
Net weight (kg)	74.5
Gross weight (kg)	76
Packaging height (mm)	900
Packaging width (mm)	640
Packaging depth (mm)	710
Percentage of humidity contained in the load after the eco 40-60 programme E20	53.4
